APPROVE U.S. CONSITUUION

The Petition of a number of the Freeholders, & other Inhabitants of the  
County of Salem,

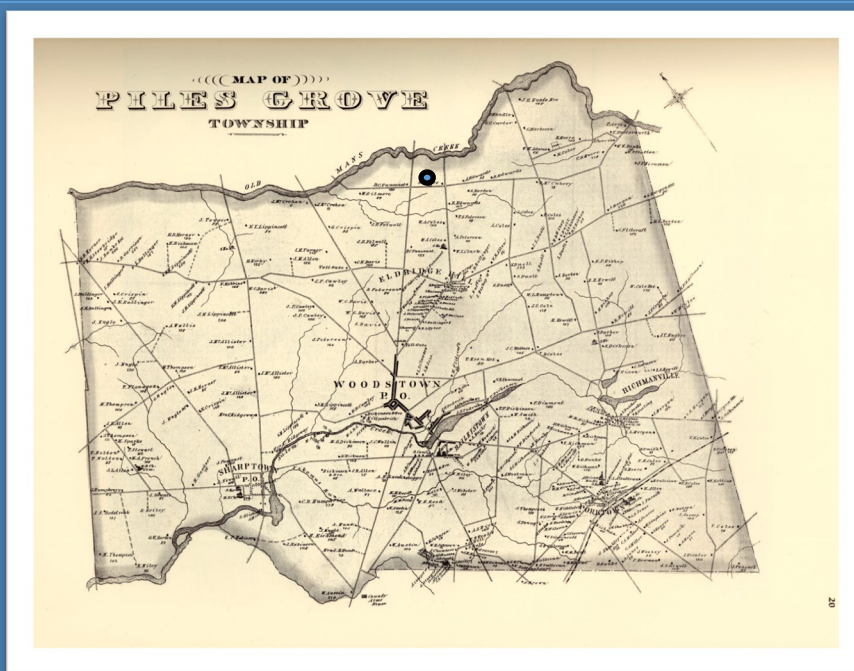

Humbly sheweth, that We, your Petitioners have seen, & maturely deliberated upon, the new Constitution, framed & recommended by the honorable Convention lately held in the City of Philadelphia. We are convinced, after the most serious and unprejudiced examination of the different Articles, & Sections of Articles of this Constitution, that nothing but the immediate adoption of it can save the United States in general & this State in particular from absolute ruin. We therefore pray that, without loss of time, you will unanimously resolve upon calling a Convention agreeable to the recommendation of the Grand Convention, & of Congress, for the final ratification of the New Constitution.
